Himachal Pradesh**

Candidate's Declaration

I hereby declare that the work presented in this report entitled “**Home In :A Real Estate Website**” in partial fulfilment of the requirements for the award of the degree of **Bachelor of Technology in Information Technology** submitted in the Department of Computer Science & Engineering and Information Technology, Jaypee University of Information Technology, Waknaghat is an authentic record of my own work carried out over a period from February 2019 to May 2019 under the supervision of **Mr. Manikant Kumar**.

The work done embodied in the report has not been appeased for the award of any other degree or diploma.

(Student Signature)

Ashwani Tandon
(151465)

This is to certify that the above affirmation made by the candidate is true to the best of my knowledge.

Mr. Manikant Kumar
Systems Engineer, ETA Department
Infosys Pvt. Ltd, Mysore, Karnataka

Acknowledgement

I would like to take the opportunity to thank and express my deep sense of gratitude to my mentor and project guide **Mr. Manikant Kumar** for his immense support and valuable guidance without which it would not have been possible to reach at this stage of our final year project.

I am also obliged to all my faculty members for their valuable support in their respective fields which helped me in reaching at this stage of my project. My thanks and appreciations also go to my colleagues who have helped me out with their abilities in developing the project.

ABSTRACT

- Our project “**HOME IN: A Real Estate Agency**” is related to online application of estate.
- Real estate management system is advanced solution for every user around in need of house.
- Seller shows all the properties to Buyer that are secure & verify & send them to the Admin.
- Buyers buy the property according to their need of the house with the available facilities from the available houses.
- Seller can Add, Update and Delete their houses according to the need of the seller and the market.
- Registration of Buyer and Seller is free of cost. So anyone can register by using this system then Buy or Sell the property.
- The software is so reliable and optimal for every user .Our main concept is give best & quick result to user and make it better for every person in need of the house.
